Adding the Button and the Label

When your blanket is complete, you can sew your button and your label onto your blanket.

Place the button over the circle at the center of the blanket, formed when joining the diamonds to each other. Using MC yarn and a tapestry needle (or sewing thread and a regular needle), sew the button to the central 'stitch' of this central circle.

Place your label over the Banksia Border next to any of the corners and sew it on to your blanket using a securing stitch.
