

Universe in Bloom

Part 4 (US)

Designed by Dedri Uys | Look at What I Made

Scheepjes

In Part 4, we will complete the meadow we started in Part 3, planting some more flowers along the way. This part is a repeat of the leafy pattern we started creating in Part 3, so it should be smooth sailing (she says, jinxing this part for sure!). Be mindful of the beginning and ends of rows, though.

Leaves Part 2

Housekeeping: This part is not hard, but you may accidentally find yourself skipping (or not skipping) a ch-1 sp you didn't mean to. At the end of each row, you will creep one ch-1 sp forward, ready to start the next row.

There will, therefore, be a difference between the number of ch-1 sps left on one side (**where you started your row**) and the other side (**where you ended the row**).

So, as a safety net, I will tell you how many unworked ch-1 sps from Round 23 need to be left **AT THE END OF each Row**. This will be to the left of your work (**right, if you are left-handed**).

Chart Rows 8 - 15

To Start This Round:

- **If you have fastened off at the end of Row 15:** With **WS facing** and a slip knot already on your hook, join your yarn by making a sl st in the marked ch-1 sp of Round 23. **Remove the SM.**
- **If you did not fasten off at the end of Row 15:** Pick up the loop at the end of Row 15, remove both SM, and pull on your yarn so that the loop is tight on your hook.

Before you continue, work away your ends.

For the hyacinths, work your ends away through the 5 sts of Row 18 above the hyacinth {**Photo 1**}. Catch the last st of the hyacinth by inserting your needle from back to front into that st {**Photo 2**} and then inserting it from front to back between the hdc and dc from Row 18. Pull your yarn tight {**Photo 3**}. Turn your work around and work the ends away at the back of your work {**Photos 4 and 5**}. **Photo 6 shows how this attaches the hyacinth to Row 18.**

Repeat these instructions for each of the four sides before continuing.

Edging

Round 24

Before you start this round, take a moment to identify the ch-4 sp of Round 22 on any side.

Tip: count in 20's when making the 105 sts. I do it in batches of 4 to 20 so I don't get confused.

With the **RS facing**, a slip knot already on your hook, and starting with a standing st, *make 5 hdc in the ch-4 sp of Round 22, **working in front of the ch-6 sp from Round 23**. Hdc in the first sc after the ch-6 sp from Round 23, **which will already contain the last sl st of Row 18**. **Hdc in the next 105 sts of Row 18**. Hdc in the next sc of Round 23, **which will contain a sl st from Row 18**.*

Rep from * to * 3 more times. Join to the first hdc with a sl st. **Mark this first hdc with a SM**. Fasten off and work away your ends.

Stitch Count: 448 hdc

Round 25

Join your yarn by making a standing **BPdc** around the first (**marked**) hdc from the previous round. **BPdc** around the next 2 sts.

*Working in front of Rounds 22 and 23, make a tr3tog, working into the first ch-2 sp from Round 21, the second sc of Round 21, and the last ch-2 sp of Round 21. Skip the next hdc, **BPdc** in the next 111 sts, **the first of which will be the fifth hdc made into the ch-4 sp.***

Rep from * to * 3 more times, omitting the last 3 BPdc on the last repeat. Join to the first BPdc with a sl st.

Stitch Count: 444 BPdc and 4 tr3tog

Round 26

Ch 3, dc in the next 2 sts. (**FPdc** around the next tr3tog, dc in the next 111 sts, **the first of which may be hidden**) 3 times. **FPdc** around the next tr3tog, dc in the next 108 sts.

Join to the top of the beg ch-3 with a sl st. Fasten off and work away your ends.

Stitch Count: 444 dc and 4 FPdc

Stems {Optional}

You do not have to add these stems if you don't want to. If you do decide to add them, you may wish to go up a hook size when making the Stems.

Bottom 2 Flowers

With a sl knot already on your hook, join your yarn by making a sl st in one of the ch-1 sps of Round 23 that contains the 2 dc from Row 3, working BETWEEN the 2 dc {**Photos 1 – 3**}.

Ch 2 {**Photo 4**}, sl st between the top of the 2 dc from Row 3 {**Photo 5**}. **Ch 1**, sl st between the top of the 2 BPdc from Row 4 {**Photo 6**}. **Ch 2**, sl st between the top of the 2 FPtr from Row 5, also working between the 2 3-dc Bobbles from Row 6 {**Photo 7**}.

Ch 3, cut your yarn, and gently pull the end all the way through {**Photo 8**}. Thread a yarn needle with this end. Working from right to left (**left to right, if you are left-handed**), work your end away through the 5 dc of Row 7 {**Photo 9**}. Insert your needle from front to back into the last ch of the Stem {**Photo 10**} and then to the back of your work. Pull tight so that the ch is neat {**Photo 11**}.

Work your end away to the back of your work, working through the bottom of the 5 dc from Row 7.

Top 4 Flowers

Before you start, take a moment to look at the spaces where the stems need to be added for the top 4 Flowers. You will find them above the First 2 Flowers. Locate the two dc from Row 11 at the bottom of each stem. I suggest that you start in the hdc from Row 10 that contains the second of these 2 dc. **That will be the dc to the left, if you are right-handed. It will be the dc to the right, if you are left-handed.**

Once you have located that hdc from Row 10, join your yarn by making a sl st in that hdc, working BETWEEN the 2 dc.

Ch 2, sl st between the top of the 2 dc from Row 11. **Ch 1**, sl st between the top of the 2 BPdc from Row 12. **Ch 2**, sl st between the 2 FPtr from Row 13, also working between the 2 3-dc Bobbles from Row 14.

Ch 3, cut your yarn, and gently pull the end all the way through. Thread a yarn needle with this end. Working from right to left (**left to right, if you are left-handed**), work your end away through the 5 dc of Row 15. Insert your needle from front to back into the last ch and then to the back of your work. Pull tight so that the ch is neat. Work your end away to the back of your work, working through the bottom of the 5 dc fro
