Tension is not critical. Work until you have used about half of the cake, see Pattern Notes

PATTERN NOTES

The Snowdrift Cushion is a variation on the [Dandelion Clock Cushion](#), designed by Jellina Verhoeff. This double-sided cushion is crocheted using one yarn cake. The first side is worked from the outside of the cake and the second side from the centre. This creates

a beautiful color gradient towards the edge. Once you have made both cushion pieces, work a motif onto each piece using surface ss. The two cushion pieces are then sewed together.

Please note: before you begin, calculate how much yarn you can use for each cushion piece. To do this, weigh the yarn cake without the label. For example: the cake weighs 200 grams. Allow 10% of this weight for joining the two pieces together. In this example, that is 20 grams, leaving 180 grams for the cushion pieces. Divide this amount between the two sides: 180 grams ÷ 2 = 90 grams per side. Crochet the first side until you can complete one full round without exceeding 90 grams. Make a note of how many rounds you have crocheted. Then crochet the same number of rounds for the second side, so that both cushion pieces are the same size.

INSTRUCTIONS

First Side

Starting from the outside of the cake, make a magic ring.

Round 1 (RS) Ch3 (does not count as st throughout), 12dc into ring, ss to first dc to join. [12 dc]

Round 2 Ch3, 2dc in each st to end, ss to first dc. [24 dc]

Round 3 Ch3, (2dc in next st, 1dc) to end, ss to first dc. [36 dc]

Round 4 Ch3, (2dc in next st, 2dc) to end, ss to first dc. [48 dc]

Round 5 Ch3, (2dc in next st, 3dc) to end, ss to first dc. [60 dc]

Round 6 Ch3, (2dc in next st, 4dc) to end, ss to first dc. [72 dc]

Round 7 Ch3, (2dc in next st, 5dc) to end, ss to first dc. [84 dc]

Round 8 Ch3, (2dc in next st, 6dc) to end, ss to first dc. [96 dc]

Round 9 Ch3, (2dc in next st, 7dc) to end, ss to first dc. [108 dc]

Round 10 Ch3, (2dc in next st, 8dc) to end, ss to first dc. [120 dc]

Round 11 Ch3, (2dc in next st, 9dc) to end, ss to first dc. [132 dc]

Round 12 Ch3, (2dc in next st, 10dc) to end, ss to first dc. [144 dc]

Round 13 Ch3, (2dc in next st, 11dc) to end, ss to first dc. [156 dc]

Round 14 Ch3, (2dc in next st, 12dc) to end, ss to first dc. [168 dc]

Round 15 Ch3, (2dc in next st, 13dc) to end, ss to first dc. [180 dc]

Round 16 Ch3, (2dc in next st, 14dc) to end, ss to first dc. [192 dc]

Round 17 Ch3, (2dc in next st, 15dc) to end, ss to first dc. [204 dc]

Round 18 Ch3, (2dc in next st, 16dc) to end, ss to first dc. [216 dc]

Round 19 Ch3, (2dc in next st, 17dc) to end, ss to first dc. [228 dc]

With the tension of our sample, we were able to crochet up to and including Round 19 without exceeding 90 grams. Should you have enough yarn remaining for additional rounds, work them as follows:

Next round(s) Ch3, 1dc in each st to end, ss to first dc.

Fasten off, weave in ends.

Second Side

Crochet the other side of the cushion up to the same round, but begin from the center of the yarn cake (or from the outside if you began the first cushion piece from the center). Do not fasten off.

Ss Surface Crochet Motif

Work surface ss on RS of both cushion pieces. **See Crochet Chart: Surface Slip Stitch Overview Crochet** and the Special Abbreviation. Do not pull the yarn too tightly. Insert the hook between Rounds 1 and 2 and work the first line, indicated by the red dots on the crochet chart. Work each st into the space between 2 rounds, all the way to the outer edge. Up to and including Round 19, work all ss surface sts between the 2 sts that form the increase.

Assembly

Place both pieces with WS together and make sure the ss surface sts line up as neatly as possible. Sew the pieces together using whip sts, leaving about 30cm unsewn. Insert the

cushion and close the opening.

Place the buttons in the center of both sides of the cushion. Pull the yarn tightly while sewing them on, so that the buttons are pulled inwards slightly.
