PATTERN NOTES

Hold Yarns A and B together throughout. Cardigan is worked in rows of htr blo. Lower edge of body and Sleeves is worked in dc blo to create hem and cuffs.

Gauge/Tension:

Cardigan is worked side to side. Accurate st gauge is essential, as an incorrect st gauge will affect the finished length. Use any hook size needed to achieve correct st gauge. Row gauge can vary between crocheters, so

this design is intentionally kept simple, with minimal shaping, and uses measurements rather than row counts.

Neck shaping:

For Left Front, sts are added using fdc and fhtr or by working into ch the following row. For the Right Front, shaping is achieved by turning and leaving sts unworked or by working ss over these sts.
