Tips and Tricks

- × If you find it hard to keep track of the rows (for example, which rows belong to the separator), take a contrast yarn and weave that horizontally through your rows on the top and bottom. When you finish, take your contrast yarn out.
- × This week, we are finishing the embroidery on the back piece. You do not have to crochet a separator, as you already did so in Week 6.
- × The key to finishing this week is to keep counting. Really, it's better to be safe than sorry!

Pattern

Work your embroidery on Rows 1-50 (Rows 153-202) in cross-stitch, according to the embroidery scheme, with Row 1 being the bottom and Row 50 being the top of your embroidered motif (the center of the back piece). You will read the scheme as follows:

Every square represents a crocheted stitch in your shawl. The white squares will not be embroidered. The colored squares represent the cross-stitches you are going to make. In every square, there is a letter corresponding to the color you will use for the embroidery.

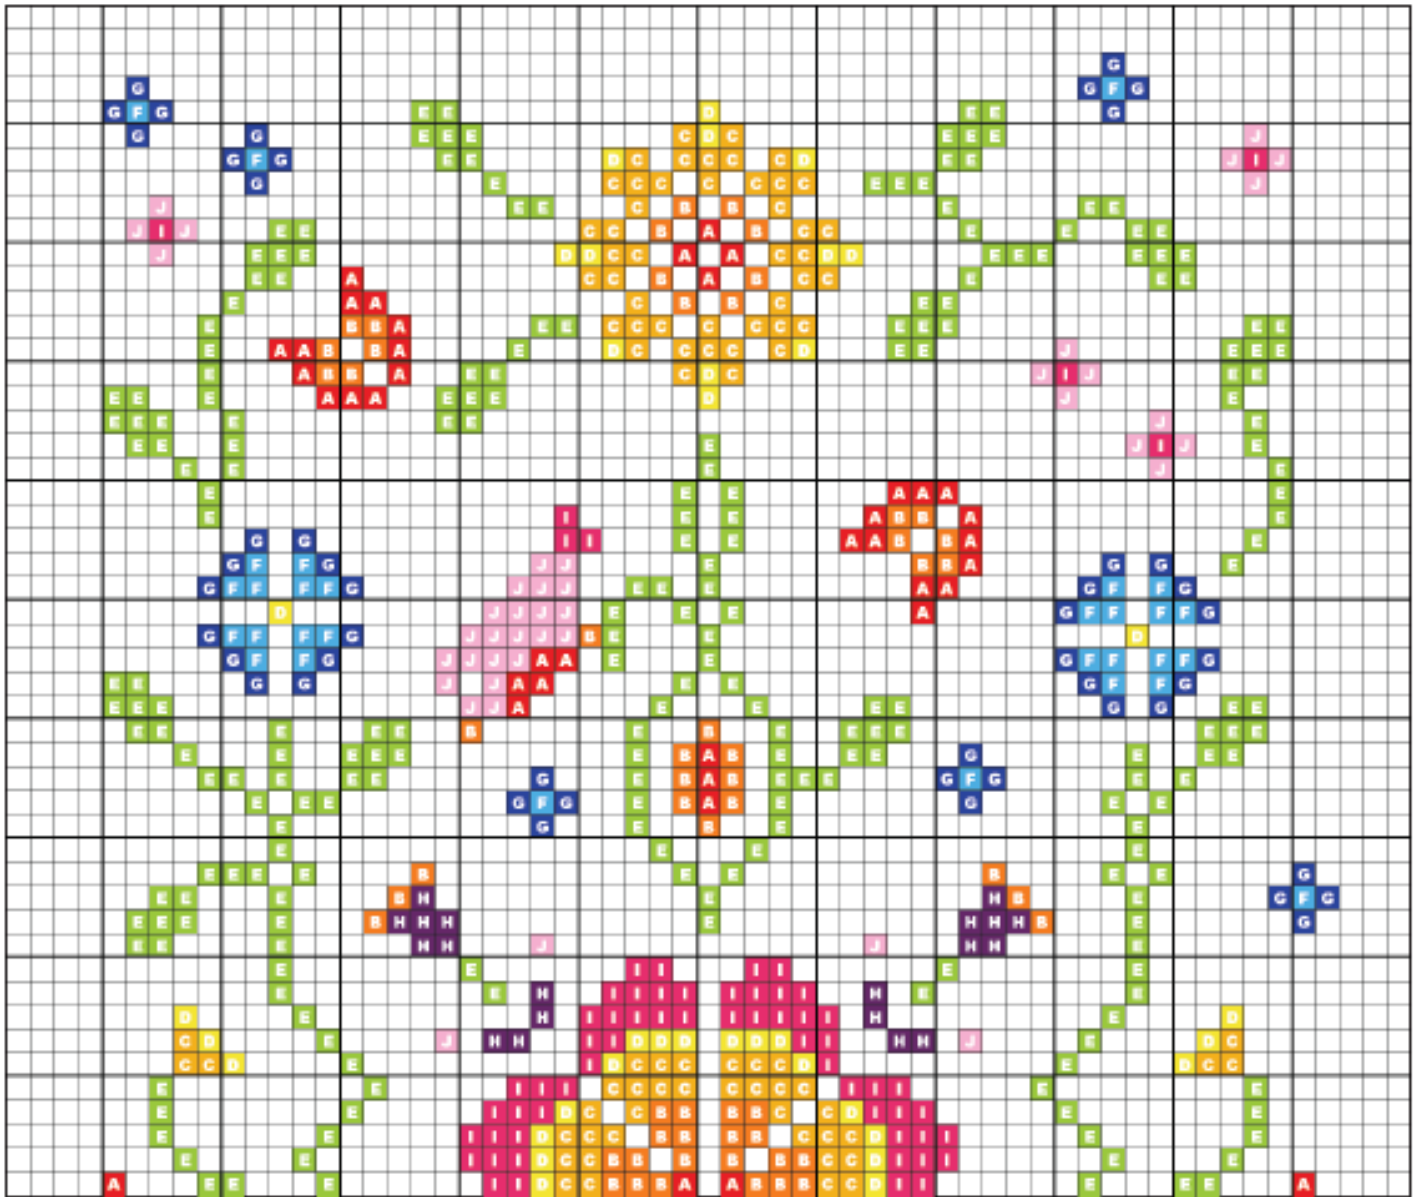

For details regarding how you embroider the cross-stitches, read the Tips & Tricks document or watch the video tutorial Esther made for Week 2. I can give you a tip on how to tackle this large embroidery: What worked for me is to start with the large half-flower and its stem. Next, I've embroidered the two stems on the side. The key to finishing this week is to keep counting. Every time you finish a section, count to make sure your stitches are in the right place.
